

Unit 5 What time is it?

1.- Dar la hora

2.- Presente continuo

1.-La hora

Para preguntar la hora en Estados Unidos o Canada: **What time is it?**

Para preguntar la hora en Europa :

What's the time?

¿Qué hora es?

Opción 1.Una manera fácil de decir la hora es la de decir los números tal cual:

10:20	It's ten twenty
2:15	It's two fifteen
5:45	It's five forty-five

Para decir las horas en punto podemos decir **o'clock**, que es una contracción antigua que significa 'of the clock' (del reloj). El empleo actual equivale al español 'en punto':

Ejemplo: It's nine o'clock (nueve en punto)

Para hacer referencia al momento del día que corresponde (o sea indicar si es mañana, tarde o noche) se utiliza '**a.m.**' y '**p.m.**' en un lenguaje más formal y normalmente escrito.

Es más normal decir: 'In the morning', 'In the afternoon', 'In the evening', 'At night'

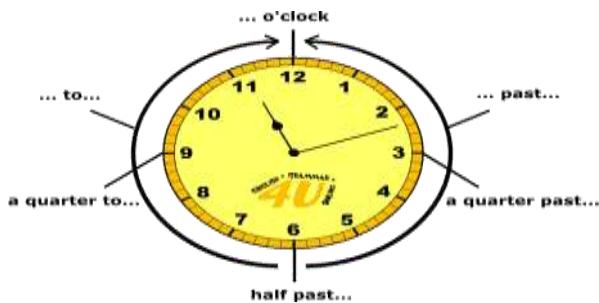

7:00 am.	= It's seven o'clock in the morning.
5:00 pm	= It's five o'clock in the afternoon
6:00 pm	= It's six o'clock in the evening *
11:00 pm.	= It's eleven o'clock at night

*evening, es el periodo de tiempo comprendido entre las 6 pm y las 9 pm, no existe una equivalencia en español para nombrar a ese periodo de tiempo, así que usualmente se traduce evening como "noche"

Opción 2.

Para decir la hora indicando cuantos minutos han pasado después de la hora o cuantos faltan para la siguiente hora, es como sigue:

Si es superior, se indican los minutos seguidos de la preposición 'to'.

Cuando a la hora sigue una fracción de minutos, si es inferior a 30 se utiliza el adverbio 'past' o after

Ejemplo:

- 1:00 it's one o'clock
1:05 it's five past one
1:10 it's ten past one
1:15 it's fifteen past one / it's a quarter past one
1:20 it's twenty past one
1:25 it's twenty five past one
1:30 it's half past one
1:35 it's twenty five to two
1:40 it's twenty to two
1:45 it's fifteen to two / it's a quarter to two
1:50 it's ten to two
1:55 it's five to two
2:00 it's two o' clock

En el inglés americano no se suele utilizar la expresión half past (y media). En su lugar tratan a la hora como si fuese digital. En cambio sí utilizan a quarter past (y cuarto) y a quarter to (menos cuarto).

No se utiliza oralmente el reloj de 24 horas excepto para el caso de horarios de aviones o trenes.

2.-Present continuous

- Acciones que ocurren en el momento de hablar.

Ejemplo:

I'm having a bath now.
Me estoy bañando ahora.

- Acciones que están ocurriendo temporalmente, no necesariamente en el momento de hablar.

Ejemplos:

My brother is working in a pizza restaurant at the moment.
Mi hermano está trabajando ahora en una pizzería.

I'm learning French at the moment.
Ahora estoy aprendiendo francés.

Para este tiempo es necesario conocer el VERBO TO BE y acompañarlo de un verbo con la terminación **...ing (...ando, ...iendo)**. Puedes apreciar el ejemplo en la siguiente tabla

Affirmative	Negative	Interrogative
I am working	I am not living	Am I singing?
You are working	You are not living	Are you singing ?
He is eating	He is not going	Is he cooking ?
She is eating	She is not going	Is she cooking ?
It is sleeping	It is not flying	Is it running ?
We are sleeping	We are not flying	Are we running ?
You are visiting	You are not watching	Are you traveling ?
They are visiting	They are not watching	Are they traveling ?

Recuérdese que podemos contraer las formas del verbo to be: I'm, you're, he's etc.

Error común: I listening to music. X

No solo tienes que agregar ING al verbo debes conocer algunas de las reglas:

Reglas de Ortografía para la forma -ing

- En general, añadimos *-ing* a la forma de infinitivo.

Ejemplos:

Listen / listening	meet/ meeting	do / doing
Go / going	read / reading	pass / passing

- Los verbos acabados en consonante + *-e* omiten la *-e* final delante de *-ing*.

Ejemplos:

Survive/surviving	leave/leaving	behave/behaving
Live/living	write/writing	hide/hiding

- Los verbos monosilábicos acabados en vocal corta +consonante duplican la consonante final delante de *-ing*.

Ejemplos:

Stop/stopping	knit/knitting	put/putting
Swim/swimming	rob/robbing	run/running

- Los verbos acabados en *-ie* cambian la *-ie* por la *y* delante de **-ing**.

Ejemplos:

Die/dying	lie/lying
-----------	-----------

- En los verbos acabados en *-y*, *la y no cambia delante de -ing*.

Ejemplos:

Try/ trying	lay / laying
-------------	--------------
